## ICCI 2025

### Brought the Energy Industry Together Powering the Future

The 29th edition of **ICCI – International Energy and Environment Fair and Conference**, Türkiye’s leading energy event, was held on **April 24-26, 2025 at İstanbul Expo Center**, once again bringing together key players from every segment of the energy industry.

Organized by **Sektörel Fuarçılık**, a TG Expo Group company, in collaboration with **CogenTURK – Turkish Cogeneration Association**, **ENSİA – Energy Industrialists and Businessmen Association**, and **KBSD – Boiler and Pressure Vessel Manufacturers Association**, ICCI 2025 marked another milestone in shaping the future of energy in Türkiye and beyond.

Held under the theme “**Powering the Future!**”, ICCI 2025 hosted high-level government officials, public and private sector representatives from around the world. The conference program, structured around **seven key themes** (decarbonization, power generation, smart grids, digitalization, hydrogen, energy storage, e-mobility) set the agenda for the industry with strategic sessions and insightful discussions.

As one of the most influential platforms in the energy sector, ICCI 2025 also provided valuable opportunities for **roundtable meetings and B2B networking sessions**, fostering international cooperation among energy investors, policymakers, and equipment manufacturers.

In addition to showcasing the latest advancements and cutting-edge solutions in energy technologies, the event offered a firsthand look at innovations driving the **global energy transition**. Topics such as energy efficiency, supply security and balance were explored in depth, delivering crucial insights into emerging trends and evolving market dynamics.

With visitors from **58 countries**, ICCI 2025 reaffirmed its role as a globally recognized hub for the energy community, shaping strategies, sparking collaborations, and powering the sustainable energy future.

# ICCI 2025 Opening Ceremony

The opening speeches were made by the General Manager of TG Expo International Fairs, **Mr. H. Cem ŞENEL**; Chairman of the ICCI Executive Board, **Mr. Yavuz AYDIN**; and Chairman of the Energy Working Group Member of Assembly of Istanbul Chamber of Industry **Mr. Ridvan MERTÖZ**.

**Mr. H. Cem ŞENEL**  
General Manager, TG Expo

**Mr. Yavuz AYDIN**  
Chairman of the ICCI Executive Board

**Mr. Ridvan MERTÖZ**  
Chairman of the Energy Working Group,  
Member of Assembly of Istanbul  
Chamber of Industry

Consul General of the Republic of Croatia in Istanbul, **Dr. Ivana Zerec**; Consul General of the Republic of Azerbaijan in Istanbul **Nermine Mustafayeva**; Consul General of the Kingdom of Denmark in Istanbul, **Thierry Hoppe**; Consul General of Australia in Istanbul **Tony Huber** joined the Energy Diplomacy Roundtable Session after the opening ceremony.

Transformer  
Design Manager
- 15:00-15:15** **BREAK**
- 15:15-16:00** **"Sustainable Energy and Global Success with EPC  
Leaders"**  
Moderator: Demet Demirel, Confederation of  
International Contractors'  
Associations (CICA), Construction 5.0 Working  
Group President  
Mehmet İmeryüz, Ekos Electric, Business  
Development Director

### 27 APRIL SATURDAY

- 11:00-12:00** **Chamber of Electrical Engineers (EMO) I  
stanbul Branch Special Session:  
"Energy Storage Systems"**  
Moderator: Burak Daşdemir, Chairperson of  
the Board, EMO (Chamber of Electrical  
Engineers) Istanbul Branch  
Ulaş Yılmaz, Member of the Energy  
Commission, EMO (Chamber of Electrical  
Engineers) Istanbul Branch

# What Did They Say About ICCI 2025?

## “ Steven Fulleylove

**Mobil Oil Türkiye  
Europe, Africa, and Middle East Marketing  
Director**

I am here at the ICCI International Energy and Environment Fair and Conference 2025 to celebrate Mobil Oil's representation in the Turkish market and our excitement for the energy industry. We are launching new products here. We have a great amount of customer visits, and are super excited to walk around, and enjoy the atmosphere. We have been here for over 15 years. I cannot wait to enjoy the day, and make sure that we come back again next year with more exciting customer and marketing insights. ”

## “ Özlem Akyol Borusan Cat, Sales Engineer

We would like to extend our heartfelt thanks to all the valuable visitors who came from different regions of Türkiye and around the world to visit us at ICCI this year. We are also deeply grateful to the Board of Directors of Sektörel Fuarçılık for their unwavering support throughout the fair. ”

## “ Ivana Zerec

**Consul General of the Republic of  
Croatia in Istanbul**

ICCI is a very important platform for all the energy experts. I am very proud that this year during the 29th edition of ICCI, we inaugurated the energy diplomacy roundtable. We had speakers from Azerbaijan, Australia, Denmark, and Croatia, which I was proudly representing. For the first time, we underlined the importance of energy security, collaboration and regional cooperation for energy security as well as the importance of the diversification of energy routes and energy sources. ”

## “ Thierry Hoppe Consul General of Denmark in Istanbul

Danish Consulate General has been a long time supporter of ICCI. I personally have been participating every year. I am happy to be back to participate in a panel on global energy security and the Danish energy strategy. I would be very happy to see more Danish companies participate in years to come. ”

# Photos from ICCI 2025

# What Did They Say About ICCI 2025?

**“ Yavuz Aydın**

**KOJENTÜRK Association, President**

As we know, ICCI is the longest-standing and most established energy event in our country. For many years, it has served as a platform that brings together investors, equipment suppliers, and engineering service providers in the Turkish energy sector. At ICCI Conferences, we bring the most pressing and relevant issues in the energy sector to the forefront. Expert speakers, renowned in their fields, deliver interactive presentations and engage in Q&A sessions with our visitors and participants. For us, it continues to be a platform that fully embodies both a conference and an exhibition, truly bringing the energy ecosystem to life. ”

**“ Ahmet Aktürk**

**Didar Industrial, Production Manager**

This year's fair was highly advantageous for us. Being with our existing customers, meeting new ones, and allowing them to get to know us made this a very productive year. Compared to previous years, we saw higher participation and greater efficiency. I believe this has become a truly valuable opportunity for all the companies here. We sincerely thank everyone who contributed to organizing it. ”

**“ Yüksel Yalçın**

**Istanbul Energy, General Manager**

We observed strong participation both from energy sector companies in Türkiye and from abroad. This greatly enhances the synergy within the sector. The conferences also gave us the chance to follow current regulations, legal frameworks, and practical implementations in Türkiye's energy sector. On the other hand, we also had the opportunity to explore advancements and changes in technology and R&D within the industry. ”

**“ Hakan Ceylan**

**Teta Kazan, Mechanical Engineer**

The visitor profile this year was much more relevant, which was very pleasing for us. We believe events like this are increasingly beneficial not only for representing our sector but also for representing our country in the global energy field. ”
